3. Setting a tax levy of \$0.17/\$100 of the assessed value on machinery and tools based on original cost and declining depreciation over a 7-year period. By the seventh year of depreciation, the effective rate is \$0.07/\$100 assessed value. This rate is levied pursuant to the authority of 58.1-3507(B) of the Code of Virginia, as amended.
4. Interest at an annual rate of ten percent (10%) per annum shall be charged on any unpaid taxes commencing the first day of the first month following the due date of the unpaid taxes.
5. Setting the Personal Property Tax Relief percentage at 71.60%.
6. Setting a 10 cents per pack tax on the sale of cigarettes

The Mayor referenced the public hearing signup sheet, giving everyone an opportunity that had not signed up to speak an opportunity to do so. There being one, the Mayor opened the floor to those who had signed up to speak.

- Jodie Judge with Brain Injury Services of SW Virginia, with her main office being located at 302 2nd St. 3rd Floor, Roanoke, Virginia, and her local office being housed at The Franklin Center located at 50 Claiborne Street, Rocky Mount, Virginia, came forward stating the following:
 - They are a non-profit agency.
 - Offer free services to survivors of traumatic brain injury.
 - Have been fortunate to serve the Rocky Mount/Franklin County area for quite some time.
 - Requested a small modest contribution from the Town so they can continue to offer free services to the survivors of traumatic brain injury.

The Mayor thanked Ms. Judge for coming.

- Johnny Singleton of 314 Angle Plantation Road, Rocky Mount, Virginia, and also stated that he owns a business located at the corner of South Main Street and Scuffling Hill Road, which is located within the Town corporate limits. Mr. Singleton stated that he opposed the cigarette tax increase. Several points Mr. Singleton pointed out were:
 - Opposed any tax increases, but realize that at times they have to be after all is considered, but this one was not fair across the board.
 - All tax increases should be equally shared.
 - From a business standpoint, can't understand why this is being considered in a recessive time.
 - Added Town expenses should come to an advantage to all businesses, and should not hurt businesses, especially as he has to pay a business license every year.
 - Ten cents on a pack of cigarettes does not sound much, but \$1.00 extra on a carton of cigarettes is. People will drive several miles to save a \$1.00 on a carton of cigarettes.
 - If he loses 20% of his customer, will cause him a net loss in revenue between \$500 to \$700 monthly.
 - Convenience stores have basically around 25% to 28% sales based on cigarettes.
 - This tax is not an equal rights or equal fair tax.

Town Clerk mentioned for the record that Mr. Singleton did submit a list of people opposed to a cigarette tax that lived inside and outside of Town, with about 500 signatures, according to Mr. Singleton.

The Mayor thanked Mr. Singleton for coming.

There being no further discussion regarding the public hearing matters, the Mayor reconvened the meeting back into regular session.
